MASTER TAP MAKERS

FROM THE KINGDOM OF ENGLAND

INSPIRATION BOOK

Kenny&Mason is the specialist in rural and classic sanitary ware. In this inspiration brochure, we show you a number of realisations, such as this beautiful project using many earthy tones and light accents of colour in the decoration. The finish of the taps is a natural, living finish "aged brass" that fits perfectly in this robust setting.

The brand new collection by Kenny&Mason is a subtle mix of timeless beauty and advanced technology. All components are manufactured from solid DZR brass the highest quality standard in its kind. The brandwood collection has a sleek design and has a minimalistic character. Just like the other collections of Kenny&Mason the taps and accessories are available in 6 different finishes: Chrome, nickel, brushed nickel, dark nickel, brass, brushed brass, old brass and a unique finish only applicable for the Brandwood collection matt black.

The Kenny&Mason collections can be found in the most stunning and luxurious projects all around the world.

You can also get a lot of inspiration on our Facebook, Instagram and Pinterest Page.

OLD BRASS

CHROME

KITCHEN

The Kitchen range by Kenny&Mason is the translation of our esteemed reputation of true craftsmanship into perhaps the most important room in the house.

Our kitchen range includes our range of taps, spraysets, basin sinks and wastes all of which can be matched with one of our finishes.

FINISHES

If you choose a particular finish, such as "aged brass" in your project, we will ensure that this can be continued right down to the smallest details, from the taps to the hinges in your toilet seat and the flushing system of your toilet.

CUSTOMISATION

We also carry out a lot of customisation work on faucets such as in this realisation custom levers and special elevations of faucets. Ask one of our interior design advisers!
