COPPER - BRASS BATHS

FROM THE KINGDOM OF ENGLAND

THE DUKE

A title that appeals to a sense of nobility, royalty and chivalry. A title undeniably linked to luxury, wealth and class. All this has made The Duke a household name here at Kenny&Mason.

Since the birth of our brand over a century ago, the Duke bath has been a key item in our collection and our pride and joy. A testimony of the true craftsmanship and expertise which served as the solid foundation Kenny&Mason was further built on throughout the decades.

Our wide range of finishes creates endless opportunities for The Duke to be an absolute eye catcher in every interior.

With every single Duke bath being handmade by our craftsmen with the utmost care and eye for detail, it is yet another perfect example of the high quality standard we maintain under our Kenny&Mason label.

The Kenny&Mason family is once again proud to give you an insight of this collection, which is part of our history and our legacy.

Kenny&Mason is our duchy. We present to you our Duke...
