COLLECTION

MASTER TAP MAKERS
FROM THE KINGDOM OF ENGLAND

KENNY & MASON

Introduction

At Kenny & Mason, we are devoted to crafting products that genuinely make a difference. From the moment you engage with our materials, you'll notice the unparalleled quality and craftsmanship that distinguish us.

Our commitment to durability is unmatched. With the ability to provide replacement parts for every faucet we manufacture, our creations are designed with longevity in mind. Experience peace of mind knowing that your products will endure the test of time.

CLASSIC AESTHETICS, MODERN INNOVATION

Combining classic sophistication with cutting-edge German technology, Kenny & Mason offers an elegant aesthetic infused with contemporary functionality. Each piece represents a harmonious blend of tradition with innovation, embodying the best of both worlds.

BELFRY | HONEYMOON SUITE

the pièce de résistance is undoubtedly the custom-crafted lion head. The attention to detail is astonishing. from the glistening mane to the emotive eyes, emphasizing its power and grandeur. When the tap is activated, water cascades majestically from the lion's mouth.

The taps are an integral part of the bathroom design. They give it extra cachet and a Burgundian look as a result. In total, eight suites were completely furnished, each with its own unique atmosphere. Kenny & Mason has everything in-house to lift everything from bath to kitchen to a sky-high level.

KENYA | EMBOO RIVER LODGE

FULLY SUSTAINABLE LODGE IN THE HEART OF THE MAASAI MARAS.

HOTEL PROJECTS

For the lodge interiors, we offered a completely bespoke service. This included custom-measured faucets and showers, as well as personalized porcelain accents. Kenny & Mason takes great pride in being involved in this remarkable initiative, where our products contribute to a safari lifestyle that inspires and supports the local community.

The design of the 20 hotel bathrooms focuses on softness and purity, creating a relaxed atmosphere that complements the traditional collection. Meticulous craftsmanship enhances the overall relaxation experience.

BOUTIQUE HOTEL

This space transports you to enchanting locations, where the brass fixtures elegantly complement the warm, sultry tones. It essentially offers a lavish bathroom experience that encourages you to linger for hours.

BRANDWOOD COLLECTION

The Brandwood tap range features a timeless design with clean lines and an authentic look, contrasting with the traditional Kenny & Mason series. This collection comes in various finishes, making it a very versatile product. A seamless integration is created without detracting from the style. Its color choices allow for seamless integration without compromising style.

**FUNCTIONALITY
BECOMES DESIGN**

OLD BRASS FINISH

In this series you will find accessories, radiators and fittings that have been put together with the greatest possible care and attention to detail.

TRADITIONAL COLLECTION

ELEGANCE & HERITAGE

Our traditional product line showcases time-honored craftsmanship, with each piece reflecting heritage and elegance. Crafted with care and high-quality materials, this collection embodies classic sophistication.

TRADITIONAL COLLECTION

CHROME FINISH

The Traditional Collection by Kenny&Mason is inspired by the classic styling of the English countryside circa 1900. The typical characteristics of this era immediately bring out the right atmosphere in the classic bathroom.

quarryl

cast iron

BATHS

polished nickel

Our bath range features freestanding baths in various materials, all with a quarryl finish for easy maintenance and comfort. For traditionalists, we offer cast iron options, while 'The Duke' brass bath serves as a stunning centerpiece for exclusive projects and provides a stylish alternative to white elements in the bathrooms.

Every porcelain product is hand glazed by one of our skilled craftsmen to make sure that every product is finished up to our high standard.

After a basin exits the mould the casting is inspected and prepared for glazing to become a beautiful hand finished product.

All washbasins are produced using the original moulds from the past and are finished by hand according to ancient tradition.

WARM MINIMALISM

BEAUTY COMES WITH THE AGES

A simple and pure tap design. Keep it simple, but keep it authentic. Minimalism offers more focus on the functionality of the taps, making them even more practical and visually appealing. The finish and choice of materials is what creates the atmosphere and design.

TAILORED EXCELLENCE: *our approach*

Listening is an essential skill in craftsmanship, allowing for understanding and innovation in every interaction. While not all projects require customization, it's always available, showcasing our commitment to exceptional service.

MADE TO MEASURE

It's not just about providing solutions, it's about crafting experiences that resonate with authenticity and care.

OLD BRASS

Gradiations

Our Old Brass finish captures the essence of antiquity with its rich, aged appearance. Born from an accidental discovery, this distinctive patina has become a beloved choice, adding character and depth to our products. With its popularity on the rise, particularly in shades like dark old brass, our weathered finish offers a touch of timeless elegance to any interior.

Light

Dark

Black

Our radiators and towel heaters come in various finishes, including black heating system option. They can be installed electrically or integrated into a central heating system.

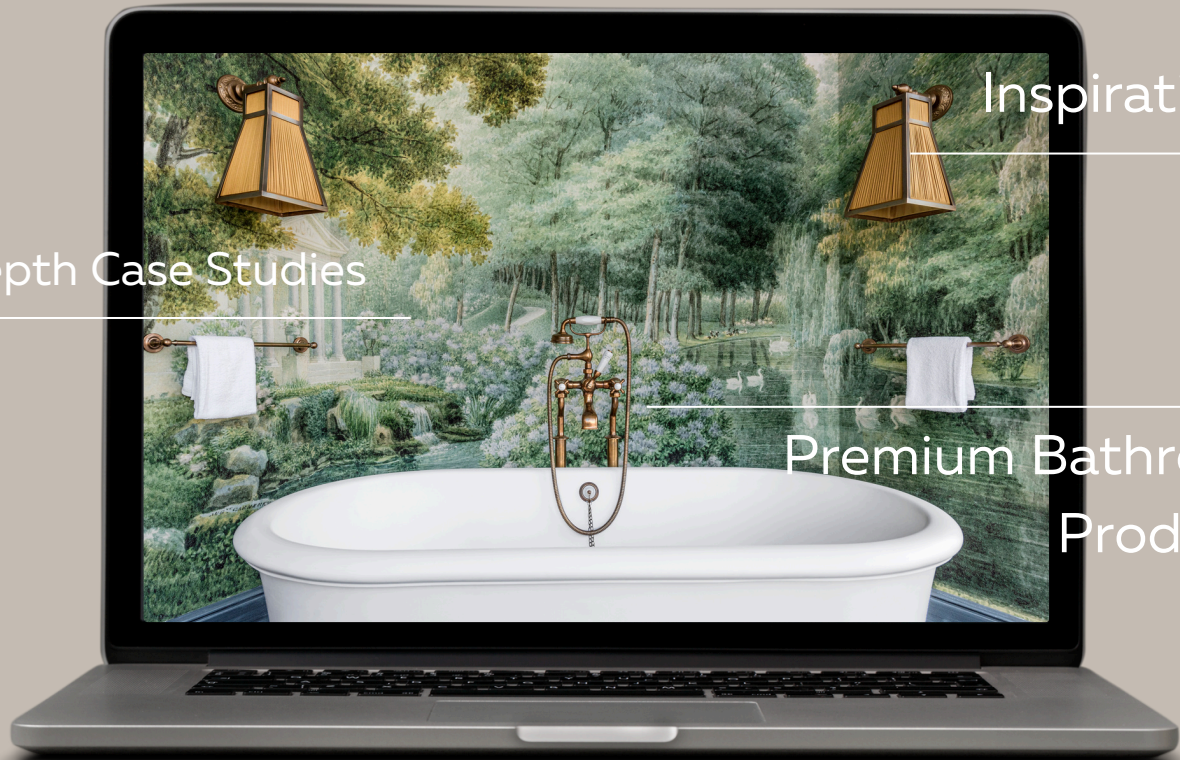

The taps come in various colors, allowing you to incorporate your preferred color throughout the entire bathroom, including technical visual connections and accessoires in the chosen finish.
